

# *Het varkenspel*

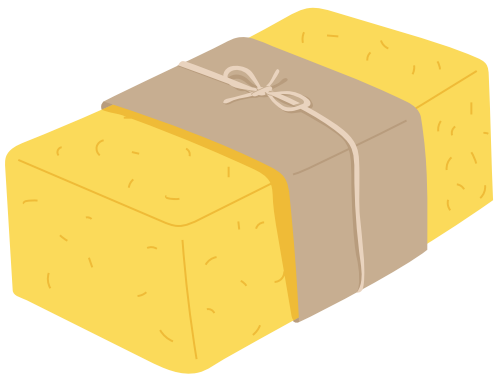

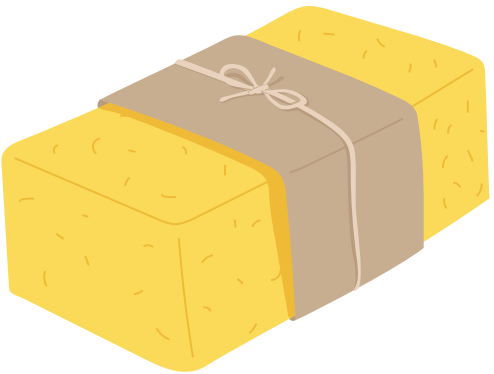

Twee varkentjes spelen een hele dag lang in de modder. Er kunnen met juiste bewerkingen moddervlekken verzameld worden. Deze moddervlekken worden dan op het varkentje geplaatst. Maar er kunnen ook kaartjes getrokken worden met een blokje zeep. Dan wordt er een moddervlekje weggehaald. Hoe voller het varkentje hoe beter

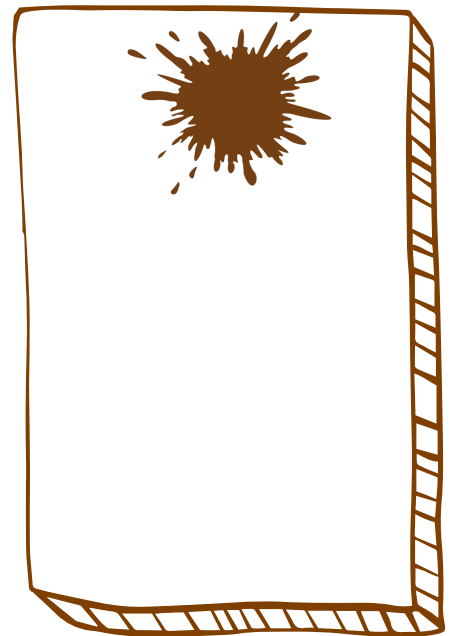

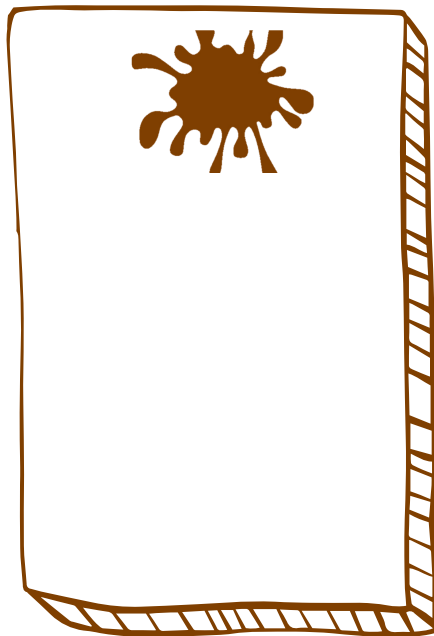

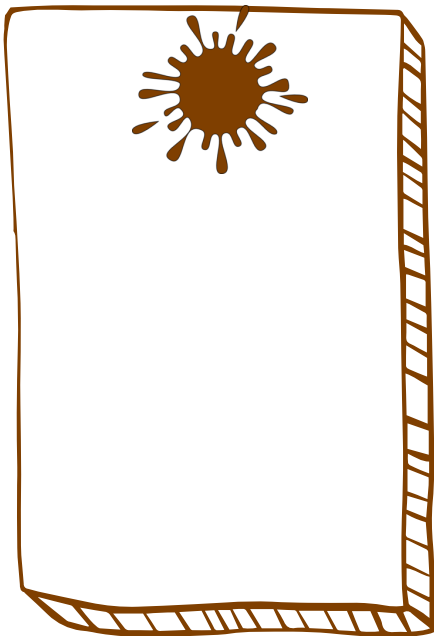

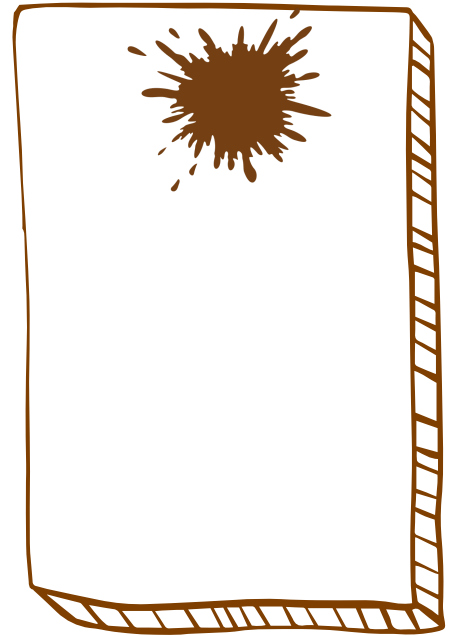

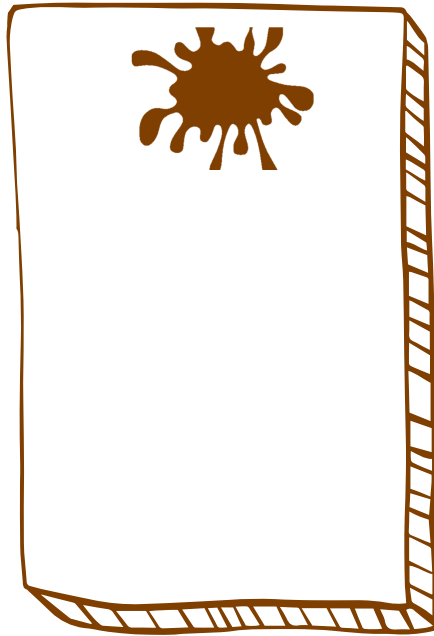

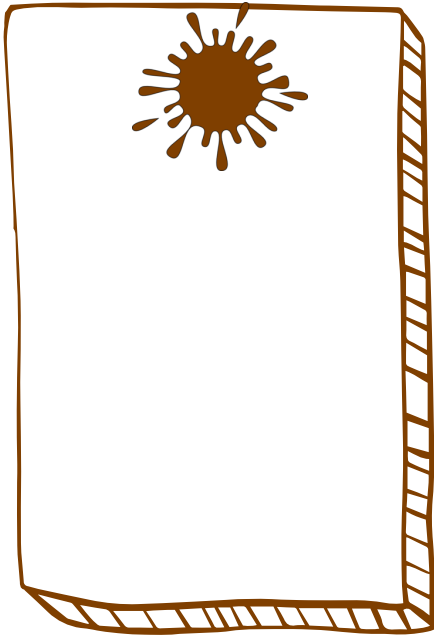

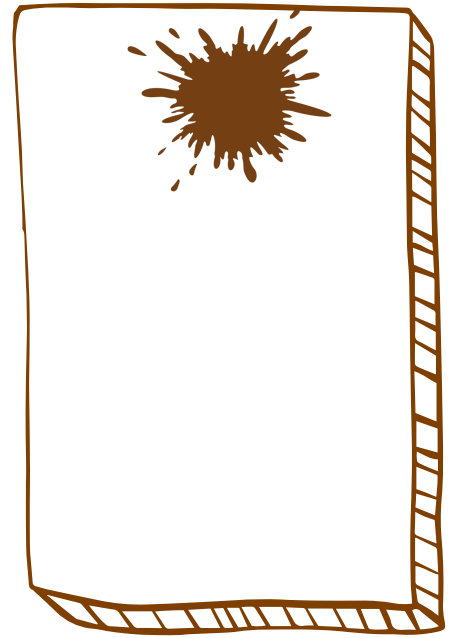

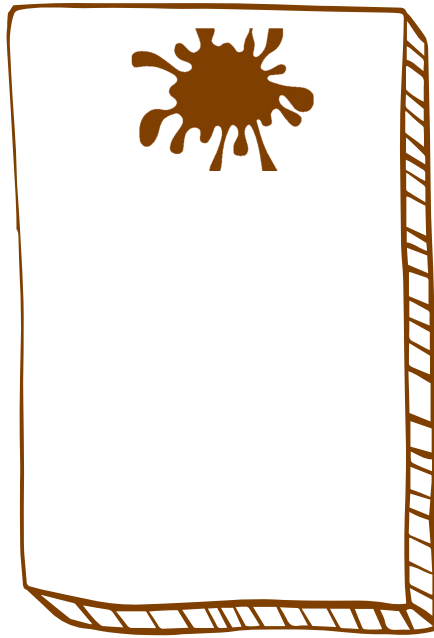

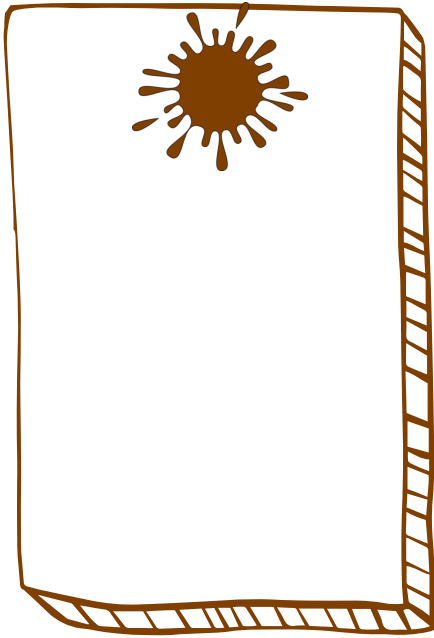

Benodigdheden:

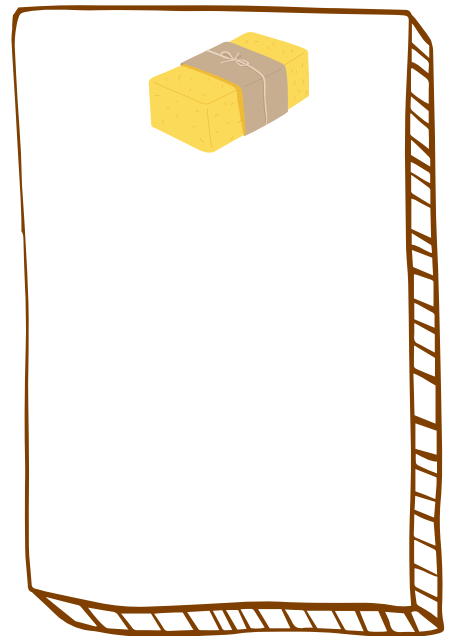

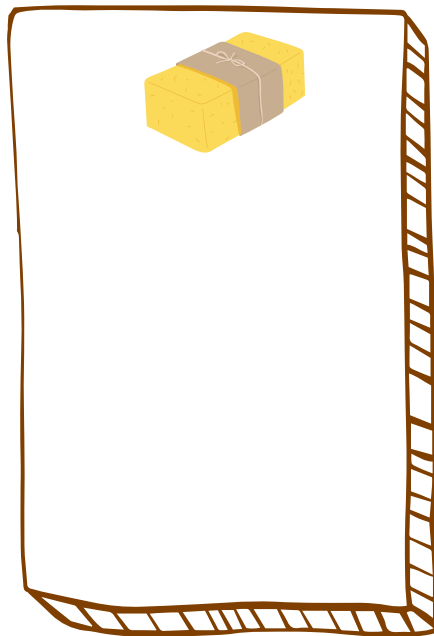

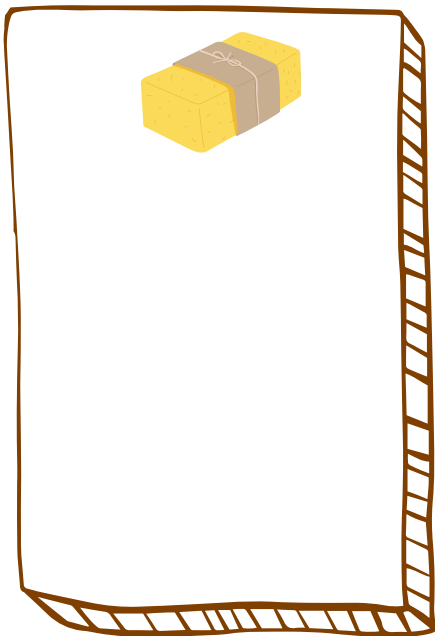

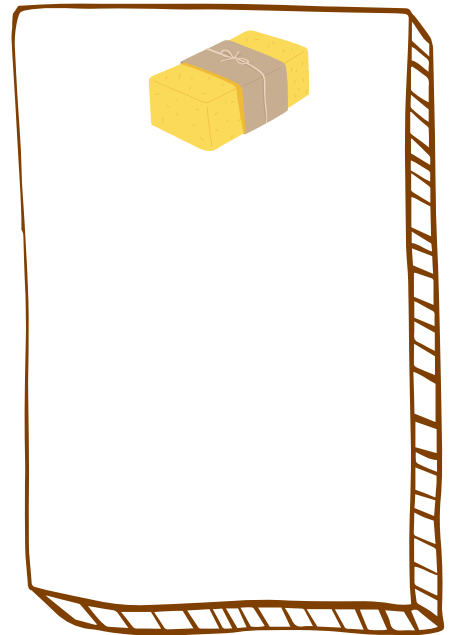

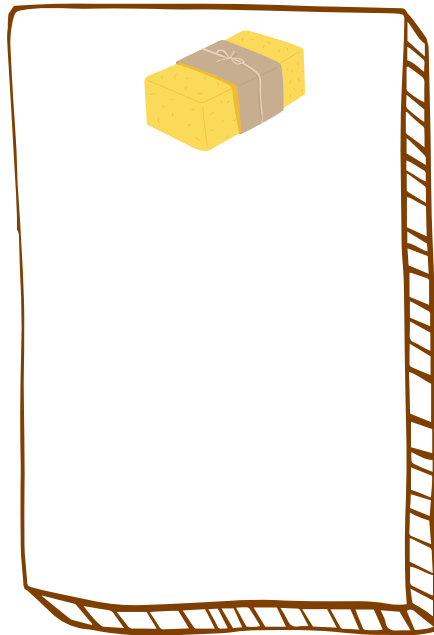

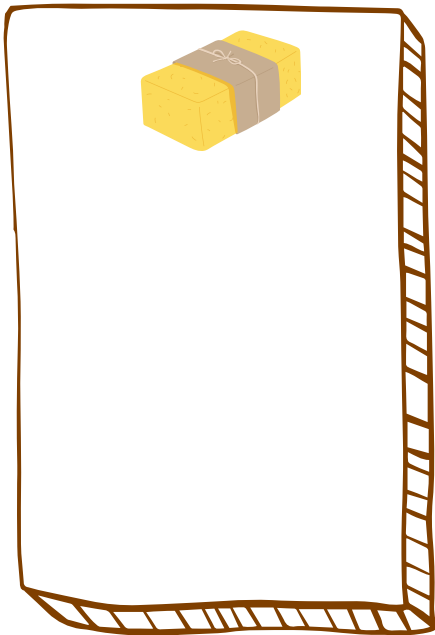

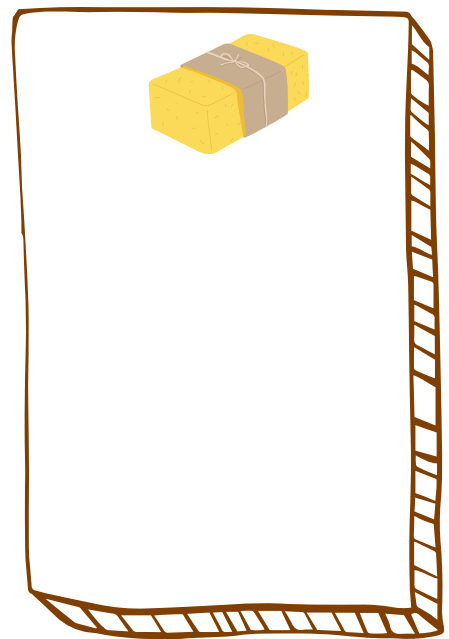

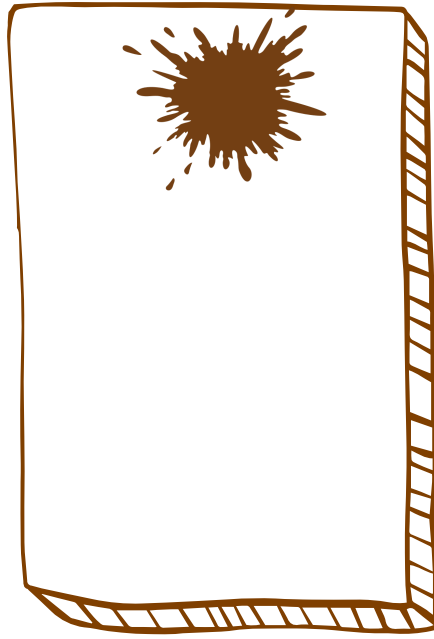

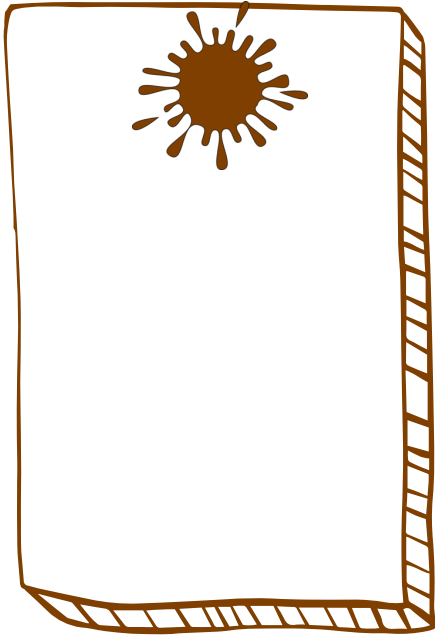

- 2 varkentjes
- 2 x 11 moddervlekken
- 10 blokjes zeep
